 - 52.169.233.130
 - 52.169.239.174
 - 52.169.236.215
- **Bromcom Services (services.bromcom.com)**
 - 52.151.77.212

Cloud Customers

Cloud customers should ensure that traffic from this range bypasses any proxy filters.

Filters and Whitelist

Customer should ensure that the following URLs are also whitelisted. Failure to do so can cause slow response of the MIS.

- Cloudmis.bromcom.com
- Mychildatschool.com
- Bromcomvle.com
- Vision.bromcom.com
- Services.bromcom.com
- js-agent.newrelic.com
- Bam.nr-data.net
- cdn.walkme.com

Local MIS and P3 installations

Local MIS and P3 installations using MyChildAtSchool, Student Portal or VLE should ensure that your firewall is configured to allow inbound traffic on port 444 and 443 (SSL) bi-directional access from Bromcom's public facing IP addresses.
