**Introduction**

MyChildAtSchool [MCAS] is a portal enabling parents to view their child's academic performance in real-time via a web browser. This facility allows exclusive access to the child's **Attendance**, **Assessment** and **Behaviour** whenever the parent/carer wishes. As well as student performance data, the portal also provides general useful information about school such as the **Academic Calendar** and **Announcements**.

In summary, **MyChildAtSchool** provides:

- Access to real-time **Attendance**, **Assessment** and **Behavioural** data
- An insight to parents on their child’s schoolwork (homework topics etc.)
- Communication facilities to improve contact between parents and schools
- Instant access to **Published Reports** and **Letters**
- Option to purchase **Items**, join **Clubs** or book **Trips**

**Note:** The information in this guide is based on all the modules being available to the school. Some options like **Behaviour** or **Assessment** may not be used by the school, therefore these will not be available on your **Home Page**.
